

# COME WORK WITH US

## Aliant offers a better way to practice law.

Designed specifically for successful lawyers who are tired of law firm bureaucracy, politics and unnecessary overhead. Aliant's 80/20 model will allow you to practice on your own terms, with our full support and cover. Our firm structure combines the best of both worlds - independence of a solo practice, with the credibility, reach and support of a large firm.

As an Aliant attorney, you get:

**ALIANT**  
Powered by Human Intelligence

THE ONLY  
GLOBAL LAW  
FIRM WHERE THE  
LAWYER IS THE  
CLIENT

### LOWER COSTS

As a bigger firm we have economies of scale and we pass the savings to you. Our partners keep 80% of their collections.

### INDEPENDENCE

Your practice can be as independent as you like. Work from anywhere, choose your clients, set your hours and billing rates, and manage your career with the freedom and flexibility you want.

### ORIENTATION CREDITS

You receive origination credits for clients referred to other Aliant lawyers. The ability to cross-sell will increase your income without you having to work more.

### REFERRALS

Network with other Aliant lawyers through monthly practice group and networking calls, regional social events and global conferences. Receive work and collaborate on larger projects by working in teams.

### SUPPORT

Aliant provides its lawyers with high-level paralegal support as well as inexpensive legal assistants. We also take care of billings, collections, administrative and general office services.

### BRAND POWER

As a well-established law firm with a strong reputation, Aliant can help you attract top clients and improve your visibility. Our marketing team can help you boost leads and conversions.

## What you will receive from us:

- + Malpractice insurance
- + Practice management software
- + Document management software
- + Email with Office 365
- + Bookkeeping
- + Marketing + Business development
- + CLE + IT Support + Forms + Research
- + Paralegal and secretarial support

Aliant utilizes state of the art practice management, document management, research and conflicts software. We also take away your headaches related to administering a law practice, like replenishing evergreens and collecting overdue fee invoices.
